

# PLY COLLECTION

## FRAME chair

### DESIGN

Komplot Design, Denmark

*KOMPLOT Design is one of the best-known Danish design studios, a partnership of Poul Christiansen and Boris Berlin. „We believe that good design is not just a solution of the primary so called pure functional problems, but creation of the message, that fills objects and concepts with cultural, philosophic, aesthetic and poetic content,” say both designers who have created graphic, industrial and furniture design for Danish and international companies like ForaForm, Gubi, HAY, Howe, Normann Copenhagen and their designs have received numerous prestigious awards.*

### APPLICATION

Restaurants, museums, libraries, banks, halls, waiting areas, schools, meeting rooms

### MATERIAL

Form pressed plywood with solid wood insert

### DIMENSIONS:

W 44 x D 52,5 x H 46/79 cm

Frame is a mono-block chair, moulded in one piece of plywood with variable thickness and solid wood insert. The whole chair is pressed in one single process. Unusual sideways stacking idea allows the chair to stack and keep a simple, clear, almost classic form - well proportioned and ergonomic. The square cut in the backrest gives the feeling of transparency. Pure and aesthetic design of FRAME offers positive experiences for architects and customers.

FRAME is stackable sideways up to 6 pieces.

### MATERIALS

Clear lacquered birch, oak, walnut, zebrano, wenge. Bleached or stained birch. Bleached or stained oak. Customer specified stains. Laminate. NEW! Pigmented lacquer in any RAL colour.

### OPTIONS

Upholstered seat pad, removable

Linking

Felt glides. Plastic glides optional.

Tested according to DIN EN 1728, DIN EN 13 761, strength and durability tests required for public furniture.
