

# SOFT EDGE 10 SLED

DESIGN BY ISKOS-BERLIN

Iskos-Berlin's Soft Edge series features an organically shaped seat and back seat, blending strong curves with extreme lightness to create a three-dimensionality that is not normally possible with 2D plywood. The result is a minimalistic design that optimises human-centric comfort for constant shifting and movement. With its wooden seat and back in a range of different finishes and steel-sled base, Soft Edge 10 Sled offers uncluttered aesthetics, stability, and functionality. Its strength, stackability, and ability to link multiple chairs together make it ideal for using in private, public, and contract environments – from homes to corporate spaces and cafés. Also available with upholstered seat.

## PRODUCT DETAILS

- / Part of a family of dining chairs, bar stools, lounge chairs and stools with steel base or solid oak legs or polypropylene seat and back with steel base.
- / Offers an ergonomic seating solution due to its increased level of back support.
- / FSC-certified wood.
- / 3-dimensional form based on the latest developments in moulded plywood technique using ordinary plywood.
- / Variety of seat and base colours and finishes.
- / Available with seat upholstery in selected fabrics and leathers.
- / Available with linking gliders.
- / Suitable for a wide variety of private and public environments.
- / Qualified for contract use.
- / Stackable on floor up to 10 pcs. without upholstery.
- / Stackable on floor up to 6 pcs. with upholstery.
