

# Tub Jug

“Taking visual cues from the appearance of a fuel container, we wanted to bring a new expression to the traditional table jug. Through its wide opening and handle, the Tub Jug is a simple and useful object to serve as a carafe, watering can or even a vase. Created in ceramics, the Tub Jug features a clear function when in use as well as an aesthetic presence when placed on the table, a sideboard or shelf.”

— Atelier BL119

<b>Designed by</b>	Atelier BL119 / 2019
<b>About the designer</b>	Atelier BL119 is a design studio, based in Saint-Étienne, France. Founded in 2007 by duo Grégory Blain and Hervé Dixneuf, the studio works within industrial as well as spatial design.
<b>Environment</b>	Indoor
<b>Country of Production</b>	Portugal
<b>Preassembled</b>	Yes.
<b>Description</b>	The Tub Jug is an industrial carafe with a contemporary expression, echoed through its angled handle and wide opening that bring both function and character to the design. The design is made in glazed ceramics.
<b>Material</b>	<p>The Tub Jug is made from stoneware with glaze.</p> <p>Liquid stoneware clay is poured into plaster molds in which the Tub Jug is molded. The design is then polished with a wet sponge and fired at 1000° Celsius. After firing, the Tub Jug is dipped in a water-based solution that contains the color mixture, following which it is placed in the kiln again, this time at 1100° Celsius.</p>
<b>Cleaning &amp; Care</b>	Clean with sponge and water. Dishwasher approved.
