

ABOUT A CHAIR / AAC26

Design by Hee Welling & HAY

The About a Chair AAC26 design exudes the functional simplicity that is characteristic of this entire series. The solid shell comprises a curved back with armrests in polypropylene, providing excellent comfort and a soft, unified silhouette, while the four-legged bent steel tube base reinforces the minimalistic expression and ensures optimal durability. Available in a wide range of shell colours and base finishes, as well as optional front upholstery or fixed seat cushion, this multi-functional chair offers the opportunity to create numerous design combinations for private or public settings.
