# BALCONY DESIGN BY RONAN & ERWAN BOUROULLEC

Balcony is a new furniture collection of chairs, lounge chairs, tables and benches designed for HAY by Ronan and Erwan Bouroullec. The square design is softened by the rounded edges and holes, which not only give the collection a distinct expression, but also strengthen the construction. Made in powder-coated steel with an outdoor primer for optimal resilience and durability, the collection of outdoor furniture is well suited to balconies, gardens and other outside spaces. All Balcony models are available in different colour options.

Ronan & Erwan Bouroullec the Paris-based design brothers from Brittany have been working together since 1998. Ronan is a graduate of the École Supérieure des Arts Décoratifs in Paris and Erwan attended the École Nationale Supérieure des Arts in Cergy before starting their own studio. They have transformed the design industry and offered new perspectives of materiality and purpose. For HAY, they have designed the Palissade Collection, Copenhagen Collection, Can Sofa, Élémentaire Chair, Passerelle Table and Pier System.
